MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM:

Chief, Technology Transfer Assessment Center

25X1 STAT

SUBJECT: Speech to Sub-PEC on 20 October

1. Action: None; attached is a draft speech.

2. Background: The President's Export Council -- Subcommittee on Export Controls meets monthly. A list of the key business attendees is attached. Art Hausman is the Chairman and the driving force behind the invitation to you. I had sent him a copy of your Dallas speech and he has been active on our panel to review our methodology.

3. Interest in a new approach to export controls is growing.

-- An NSC-level committee is reviewing options to see if action could be taken before the end of this Administration.

25X1

-- The PEC is drafting options for the transition team.

25X1

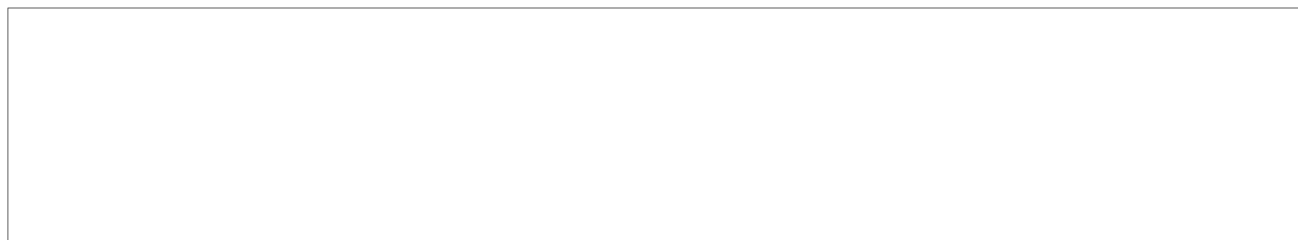

-- Congress has asked the National Academy of Science for options.

All agree that the current system is broken and cannot be fixed. Few have ideas on how to proceed.
